

♥ How to Host a Charity Fundraiser Poker Tournament ♥

Your charity must be a 501 c-3. (Non-Profit)

Each player will be giving a donation to the charity for the seat in the Poker Tournament.

We suggest \$50, \$100, \$200 per seat for your Tournament.

Table Sponsorship

Sell the poker tables to individuals or corporations. Print 4x6 table tent signs for recognition of sponsors. Vegas Concepts will provide Table Tent for table sponsor signage. This is the most successful approach for non-profit events.

301 Peters Road, Suite 301
Irving, TX 75061

Day of Tournament

As your guests register, Vegas Concept's will randomly place your guests at the tables.

We suggest starting each player with 3-k or 2,500 in chips for a three hour tournament.

After play has begun, the computer moves the blinds up every 7 to 15 minutes for the first hour.

The blinds will start at 100/200 and increase every 7 to 15 minutes 200/400, etc.

As this happens, players will be eliminated from the tournament. Tables will be consolidated as we see 3 or less players at any given table.

Rebuys

Re-buy amounts should always be one half of the starting donation.

Rebuys are for either 1,500 or 1,250 in chips.

Rebuys will be for the first hour only.

What we have experienced at Fundraisers is that "UNLIMITED re-buys" give the Tournament a new flare. Basically, a player could pay to win the Tournament. We have raised more money for our charities by allowing unlimited re-buys for local charity events.

Tournament Play

The first two hours VCI will do an eliminations style tournament. As players are eliminated and drop out of the tournament, they will leave their table. The Pit boss will move the remaining players to consolidate the tables.

The top 12 players will be at the final table in the last hour. We will give the players a voucher for the total value of their chips at the end of the two hours. Each player will come to the final table with the amount of chips they had at the end of the first two hours of play. They have to present the voucher to the Pit Boss on the final table to get their chips.

Then as play at the final table progresses, your guests will start cheering for their favorite players. The final table really gets the gallery into hooting and hollering for their favorite player.

Vegas Concepts Provides

**Chip value vouchers (Hold'em/Poker only)
